Re: Southwest Washington Medical Center
36-RD-1629

Dear Ms. Keene:

The above-captioned case, petitioning for an investigation and determination of representatives under Section 9(c) of the National Labor Relations Act, as amended, has been carefully investigated and considered.

On September 11, 2003, a letter was faxed to you, indicating that no evidence of supporting interest had accompanied your filing. This letter also stated that adequate evidence of support must reach our office within 48 hours from receipt of this notification. On September 15, 2003 you were notified that an extension of time to file your evidence in support of your petition could not be granted and that whatever evidence you had needed to be submitted immediately. On September 17, 2003, you were notified by phone that you must contact our office by the close of business on that date or your petition was subject to dismissal. To date no evidence of supporting interest has been provided to our office; therefore, it is not appropriate to proceed at this time. I am, therefore, dismissing the petition in this matter.

Pursuant to the National Labor Relations Board Rules and Regulations, Series 8, as amended, you may obtain a review of this action by filing a request therefore with the National Labor Relations Board, addressed to the **Executive Secretary, National Labor Relations Board, 1099 14th St., N.W., Room 11602, Washington, D.C. 20570-0001**. A copy of such request for review must be served on me and each of the other parties to the proceedings. This request for review must contain a complete statement setting forth the facts and reasons upon which it is based. The request for review (eight copies) must be received by the Executive Secretary of the Board in Washington, D.C., by the close of business at **5:00 p.m. EST (EDT) on October 2, 2003**. Upon good cause shown, however, the Board may grant special permission for a longer period

within which to file. The request for extension of time should be submitted to the Executive Secretary of the Board in Washington, D.C., and a copy of any such request for extension of time should be submitted to me, and to each of the other parties to this proceeding.

The request for review and any request for extension of time for filing must include a statement that a copy has been served on me and on each of the other parties to this proceedings, and the copy must be served in the same or faster manner as that utilized in filing the request with the Board. When filing with the Board is accomplished by personal service, however, the other parties shall be promptly notified of such action by telephone, followed by service of a copy by mail.

Very truly yours,

James R. Kobe
Acting Regional Director
